

# OPEN UP MORE SAVINGS WITH THE BARD FULL FLOW ECONOMIZER

**Telecom companies are making a significant impact on their bottom lines by choosing the Bard Economizer.**

**Economizer users will:**

- Save up to 60% on energy cost and achieve full return on investment in the first year\*
- Significantly extend equipment life
- Benefit by retrofitting existing units

Available as a factory or field installed option on select Bard wall-mount models produced since 1993.

\*Estimated annual savings using the Bard Full Flow Economizer vs. no economizer; results vary depending upon temperature, humidity, and local utility rates.

# THE BENEFITS AND SAVINGS ARE POWERFUL.

## Annual Operating Cost

Atlanta, GA  
Estimated Annual Savings = \$1,355

Boston, MA  
Estimated Annual Savings = \$1,686
